SUBJECT: Closure of license; Substance use disorder follow-up licensure survey for Narconon Freedom Center

Dear Ms. Biddle:

On June 14, 2018, the State Licensing Section of the Bureau of Community and Health Systems received written electronic correspondence (attached) in which Narconon Freedom Center advised the State Licensing Section that the program has ceased its operation located at 505 Keefer Drive, Albion, MI 49224, effective June 5, 2018. A follow-up survey was attempted at the licensed location by the State Licensing Section on June 14, 2018, which confirmed that Narconon Freedom Center is no longer operational, services have ceased, and the building appears to be vacant.

The substance use disorder license for Narconon Freedom Center (SA0130110) is closed and the license is no longer valid based upon the attached communication and the above-referenced follow-up survey. No substance use disorder services should be provided at the former program location or under the former license name.
